What's the problem in getting our money back from SC e&g they owe us and I want my rate back to a normal rate -18% off current rate...anybody need another name for the lawsuit...mcmaster where are ARREST papers for outright fraud and stacking the deck with a public service commission that is FAT from every illegal rate increase 2 years before getting NUKE permit, then keeping the current rates going on a failure that they knew about more than 2 years ago and the rates have and are currently sitting 18% in excess...and 9 years of overpayments...ADDRESS THE BIG FAT ELEPHANT IN THE ROOM, PSC & SCE&G???
